

Star Data

Number of analyzed stars

228

Number Of Star Colors

8

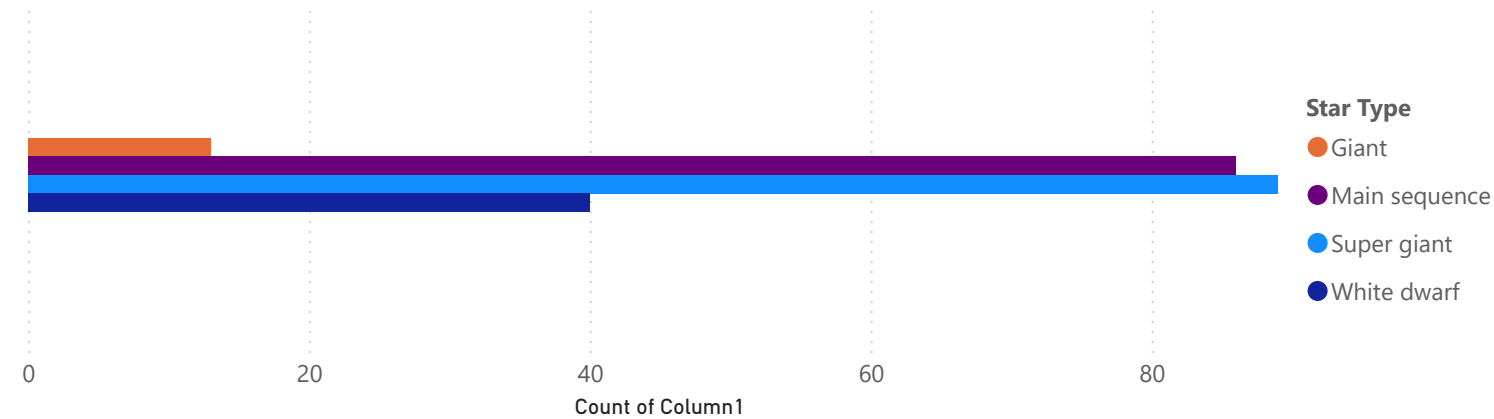

Number of Star Types

4

Average Temperature Per Star Class

Star color	Giant	Main sequence	Super giant	White dwarf
yellow white		5960.00		9566.00
yellow		4528.50		
white		4526.00	9032.00	9687.89
red		3127.17	3676.10	
light orangish red		5112.00	4018.00	
light orange			23440.00	13716.00
blue white	13490.38		23276.77	13438.58
blue			22481.63	18562.83

Star Color Distribution

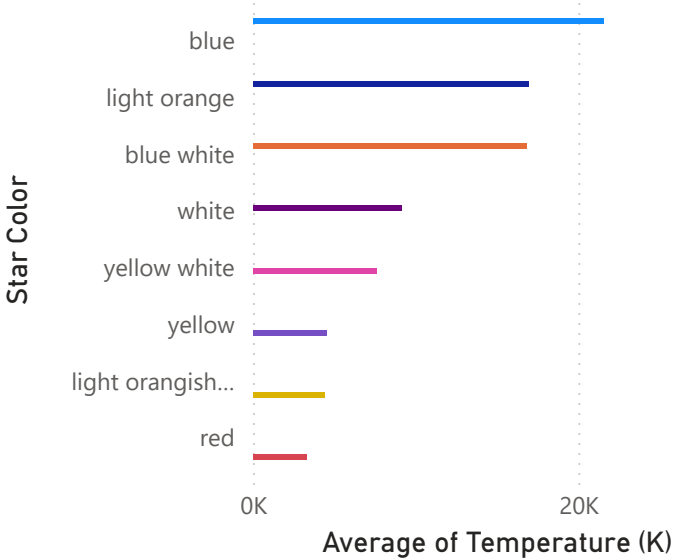

Frequency of Star Types And Color Pairs

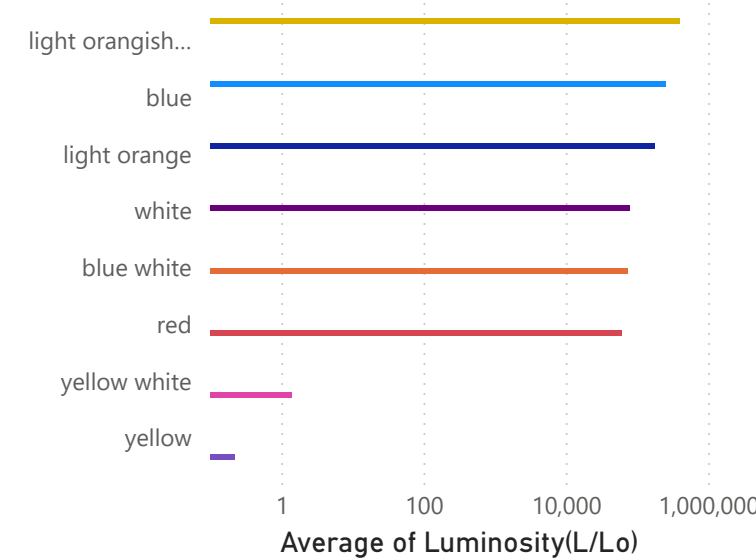

Star color	Giant	Main sequence	Super giant	White dwarf	Total
blue			40	12	52
blue white	13		13	12	38
light orange			1	2	3
light orangish red			1	2	3
red		76	31		107
white		1	2	9	12
yellow		2			2
yellow white		6		5	11
Total	13	86	89	40	228
